WILL ASK FOR SUSPENSION OF ORDER

COUNSEL OF UNITED MINE WORKERS WILL FILE PAPERS TODAY

Will Be Filed in Circuit Court of Appeals in Chicago—Indiana Operators Will Not Join in Appeal Because Miners Are All Out—Awaiting Operators Move Elsewhere

(By The Associated Press)
INDIANAPOLIS, Ind., Nov. 3.—Suspension of Federal Judge Anderson's temporary injunction prohibiting the "checkoff" of union dues by operators and directing a cessation of union efforts to organize West Virginia coal fields will be asked tomorrow in the circuit court of appeals at Chicago by counsel for the United Mine Workers of America, it was learned here tonight.

Counsel for the Indiana operators who also opposed the injunction suit before Judge Anderson will not join in the appeal because of walkouts of 25,000 miners having forced a shutdown of practically all Indiana mines and the attitude of the operators was to let the union fight out the case.

Formal application for the granting of an appeal also will be made at Chicago by the union but this was said by counsel to be a perfunctory proceeding that might either be brought before Judge Anderson or any judge of the circuit court.

MARSHAL FOCH IS GIVEN WELCOME IN CITY OF ST. LOUIS

Degree of Doctor of Laws Conferred by St. Louis U.

(By The Associated Press)
ST. LOUIS, Mo., Nov. 3.—Hailed as one of "our old boys," officially honored by two universities, welcomed and feted by the citizens of St. Louis, Ferdinand Foch, marshal of France and today was shown American hospitality as exemplified in the middle west.

Sharing the honors was General Pershing introduced to his fellow "buddies" of the American Legion simply as "Black Jack."

At the numerous occasions on which Marshal Foch was called upon to address the throngs the French warrior always expressed his delight and appreciation of the honor bestowed upon him and the cordial welcome shown. Visibly affected with the honorary degree of Doctor of Laws conferred upon him by the St. Louis University in an open quadrangle before the student body and members of other Catholic schools, the marshal declared it difficult to express himself.

A few minutes previously from the same platform Archbishop John J. Glennon had presented him with a commemorative medallion on behalf of the fourth degree, Knights of Columbus.

Twelve year old Elizabeth Fusch received a kiss on both cheeks from Marshal Foch when she presented him a large bouquet on behalf of the International Federation of Catholic Alumni.

In the afternoon Marshal Foch appeared before an assemblage of French societies which extended their welcome to him and then departed before appearing before the American Legion at the city hall.

The union's legal fight is in the charge of W. A. Glasgow, of Philadelphia, who advised union officials here that he was leaving tonight for Chicago. Henry Warrum, local counsel for the union also left here to join Mr. Glasgow at Chicago.

Failure to get a complete suspension of the injunction, the union's counsel was said to be prepared to press for a ruling that only Indiana operators were affected by the order. Such a view has been taken by union officials, but it was a matter to Judge Anderson's opinion declaring all operators observing the "checkoff" system were bound by the injunction.

Aside from favorable court action, union officials regarded further strike developments as hinging on the action of operators is discontinuing the checkoff.

President John L. Lewis was advised late in the day that the executive board of the Pittsburgh district would meet tomorrow to act on District President Robert R. Gibson's decision to call a strike next Monday. Approximately 40,000 miners would be affected by the order, officials here said. Elsewhere in the big coal-producing states, the miners were said to be awaiting the decision of operators whether to stop the "checkoff."

Doubt as to the interpretation of the original strike telegram, expressed by Frank Farrington, president of the Illinois miners, was not removed by Mr. Lewis' answer, sent to the Illinois leaders. Farrington, who was the anti-administration leader at the recent miners' convention, accused Lewis of trying to "pass the buck" in calling the strike and Lewis' reply was that "detailed instructions" would be sent from international headquarters whenever Illinois operators declared their stand of stopping the "checkoff." The answer did not disclose the nature of the instructions, but it was said authoritatively that they would include a strike order.

Centralia Miners Return

CENTRALIA, Ill., Nov. 3.—The full force of approximately 400 men who refused to go down at the Marion County Coal company here yesterday, were at work this morning, as if nothing had happened following a protest of the injunction against the use of the "checkoff" system yesterday morning, when the men refused to go to work. A meeting was held and after consideration of the matter, it was decided to re-

Sometimes the interests of the people suffer when public officials are at war. This isn't the case between the state's attorney and the chief of police in Chicago. The bitter strife in that city has resulted in a situation which should result in better enforcement of the law.
Statistics which are sometimes accurate and sometimes otherwise show that 12,000,000 of the 33,000,000 young people of school age in the United States are not in school. What has become of all the truant officers? What are the excuses for the conditions the statistics reveal, especially in this time of unemployment, when there is no special demand for the boys and girl as workers.
The general spirit of the times was reflected in a recent election in Alton. The people there voted against a bond issue for the erection of a city building. It is all right to urge that public work proceed in order to relieve the unemployment situation but when it comes to the people voting on themselves additional taxes just at this time they are not in that spirit.
Illinois Central officials believe that by adopting certain economy methods that the cost of coal on the system can be reduced 20 per cent. If this is done, a very notable saving will be effected, for fuel is the largest item of expense

of a railway system. The results on the Illinois Central will be watched with great interest for if a coal burning corporation can effect such savings surely a like interest and attention on the part of the private consumer will also mean less fuel costs.
To reduce the fuel bill of the whole nation 20 per cent merely thru economy methods suggests a saving running to so many millions that the amount is appalling.

FOREIGN MONEY SITUATION.

A rather definite idea of the financial situation which troubles European countries can be gathered from an inspection of a small collection of currency that Vincent Riley carries in his purse. There are samples from a half a dozen different countries and the facts about the present value of the currency by comparison with the worth of the same denominations before the war evidence the troubled financial situation.
Here is the most notable example: a krone, a piece of Austrian money, before the war had a value of \$4.40. When Mr. Riley was in Austria the value of the krone was 1-2-3 cents. For dinner on the day of his Austrian visit he paid 950 kronas. The more settled days of business for all the world cannot come until there is some straightening out of the financial systems of these foreign countries.

THE NEW CERTIFICATES.

The treasury certificate of \$25 denomination which are to be placed on sale in the course of a few weeks by Secretary Mellon will be popular if for no other reason because they show the portrait of Theodore Roosevelt. This will be the first time that Mr. Roosevelt's picture has been used on a government security.
One reason for the selection of the colonel's portrait is because the denomination of the security is expected to make a wide popular appeal resulting in a wide distribution among the people. These new treasury certificates will constitute a feature of the unified government savings plan, which is now being developed by the secretary of the treasury and the postmaster general.

R. Y. ROWE IS ON FOCH COMMITTEE

R. Y. Rowe of Jacksonville will be among the veterans that will welcome Marshal Foch when he arrives in Chicago today. Mr. Rowe is the representative of the local Post of the American Legion selected by Governor Small.

FUNERALS

The funeral of Otto May, prominent Jacksonville man, who passed away on Monday, was held yesterday morning at the Church of Our Savior at 8:30 o'clock. The services were in charge of Reverend Father Cahill and were largely attended by relatives and friends. Interment was made in Calvary Hill cemetery.
The pallbearers were A. W. Backer, Peter Leonard, Frank Piepenbrink, Carl Graubner, Joe Kumble, John Petrie, William Ehnie, and George Smaltz.
The flowers were cared for by Mrs. C. F. Ehnie, Mrs. Oscar Ingram and Mrs. Fred Matthews.
Those who came from out of the city to attend the funeral were Mr. and Mrs. Hugo May, of St. Louis, and Peter Betzer, of Alexander.

ROBERTS.

Funeral services for Mrs. Eliza Jane Roberts were held from Concord M. E. church in charge of the Rev. Thomas Symons of Rockbridge, a former pastor of Concord church.
Music was furnished by Mrs. Webb, Mrs. Glinder, Spencer Smith and Bert Way. The flowers were cared for by Mrs. Spencer Smith, Mrs. Henry Williams, Mrs. Edward Willard and Mrs. John Rayburn.
Burial was in Concord cemetery the hearse being driven by Truman Cowdin, Lincoln Cowdin, William Elson, Charles Rexroat, A. B. Cratz and Edward Willard.

CARITAS LODGE IN REGULAR MEETING

Members Hear of State Assembly and Enjoy Address—Refreshments Are Served.
Members of Caritas lodge No. 625 Rebekahs heard the report on the state assembly at the regular meeting held in Odd Fellows hall Thursday evening.
There was a large attendance of members and the evening was thoroughly enjoyed by all. The report on the assembly was made by Mrs. Pearl Ebrey who was delegate from Caritas lodge.
Two members of the lodge who recently received high honors by election to state offices were also present. These were Carl H. Weber who was elected Grand Junior Warden of the Encampment and Mrs. Anna M. Baldwin who was elected trustee of the Rebekah state assembly.
They were introduced by Mrs. Myrtle W. Tandy past State president of the Rebekah assembly. Mrs. Tandy also presented Mrs. Baldwin in behalf of the lodge with a sterling silver jelly knife. Mrs. Baldwin responded briefly thanking the members.
Mr. Weber made an excellent address on Odd Fellowship and his remarks were heard with close attention. Following the business session an informal reception was held for Mr. Weber and Mrs. Baldwin. Miss Nellie Self sang a group of songs which were greatly enjoyed.
Refreshments were served by the committee in charge of the arrangements which included Mrs. Nora Wood, Noble Grand, Mrs. C. E. Williamson, vice grand, Miss Eessie Wiley, Mrs. O. N. Barr and Mr. and Mrs. Charles Baisley.

MATRIMONY

James O'Brien and Miss Nona Peterson were united in marriage at 1 o'clock Thursday afternoon by Rev. M. L. Pontius, at his residence on West College avenue. The young people were unattended.
The bride was born and reared in the Nortonville neighborhood and is well and favorably known in her home community. Mr. O'Brien lives in the vicinity of Murrayville and it is on a farm there that he and his bride will make their home. Their friends unite in wishing them a happy life.

McDaniel-Medlock.

Miss Ollie Medlock of Elmer Le Roy McDaniel were united in marriage in a simple ceremony at the Methodist Protestant parsonage in Chapin last evening. Reverend Lough of the Chapin church officiated and Mr. and Mrs. Jesse Delp were the witnesses.

The groom is the son of Mr. and Mrs. Adam McDaniel and is employed by the Wabash railroad. The young lady's parents are not living.

GRAIN PRICES CAUSE FARMERS WORRY

Farmers at 4:00 present time cannot be blamed for a feeling of discouragement over the grain situation. The price of both wheat and corn has been gradually going down for weeks past and any rallies have been only of a temporary kind. Yesterday December wheat closed at 99 and a fraction cents, which means that an elevator here can safely pay just about 80 cents. The corn price was about 46 cents which means about 30 cents at a local elevator.
These prices mean that wheat still in the farmer's hands if sold now will bring a figure far below the cost of production. The same is true with corn and the price now offered is considerably less than the farmer's expenses. If interest charges on investment are counted in, the loss figures are still greater.
The prices for livestock are more encouraging, but the average farmer is still uncertain as to how long those prices will continue. If he were sure of a future market on hogs and cattle, he could market his grain by feeding, and so secure a much higher average price for the grain. One farmer who still has on hand 8,000 or 10,000 bushels of corn, part of it of the 1919 crop, said recently that his present situation came about because of his inability to adjust himself to the new deal. He was offered nearly \$2 for the 1919 corn he still has on hand, and when the price dropped to \$1.50 he could not make up his mind to accept it. The same thing has held true all down the line. Now the price is 30c and he still is unable to get himself into the mental attitude which will permit his marketing corn at that price.
The recollection of the money he has lost is so vivid that he feels now like going the limit and watching to see how low the market will go. This particular man is in a position to stand the loss, but if he had smaller means or had a heavily mortgaged high priced farm the story might be different, and the sale of corn at the very low price a matter of business necessity.

Mr. and Mrs. J. A. Pierce, son and daughter, were over to the city from Perry yesterday.

J. H. Lindsay of the north part of the county came to the city yesterday.

DEATHS

Raymond V. Vedder, infant son of Mr. and Mrs. Jesse Vedder, died at Passavant hospital yesterday morning. The remains were taken to the undertaking parlors of Williamson & Son, where the funeral service will be held at 11 o'clock Saturday morning. Burial will be made in Young Blood cemetery at Nortonville.
Tyner.
Mrs. E. C. DeCamp of this city has received word of the death of her cousin, Mrs. Cornelia Catlin Tyner, formerly well known in this city, at Augusta, Ill., last Wednesday.
Mrs. Tyner was a niece of the late Capt. C. A. Catlin and a granddaughter of Joel Catlin. She often visited, when a young lady, at the homes of both her uncle and grandfather.
Mrs. Tyner was at one time a student of the Jacksonville Female academy, and was popular among the young people in Jacksonville at that time, because of her charming personality and attractive ways. She was a first cousin of Mrs. E. C. DeCamp and J. K. C. Pierson of this city.
Mrs. Tyner's death occurred Wednesday, after an illness of several months.

Brookhouse.

Miss Ruth Brookhouse passed away at the home of her parents, Mr. and Mrs. Lewis Brookhouse, of Chapin, early yesterday morning, after an illness of twenty-four hours. She contracted pneumonia Wednesday morning.
Miss Brookhouse was born March 14, 1898, at the present home of her family three miles northwest of Chapin. She spent all her life in that city, attending the schools there and taking active part in the life of the community.
She is survived by her parents, two sisters, Mrs. Walter Nergenah and Miss Lenora Brookhouse, and three brothers, Frank, Ray and Russell Brookhouse. The funeral services will be held at 1:30 o'clock Saturday afternoon from the home and the burial will be in the Jordan cemetery near Chapin.

Pyle.

William H. Pyle, 1309 East Center street, has received word of the death of his father, William M. Pyle, at Hotel Mayer in Peoria. The decedent, who was eighty-four years old, had notified his son only a few days before his death, that he would visit Jacksonville for a few days. The news of his death was a severe shock to his relatives here.
Mr. Pyle served throughout the Civil war as quartermaster of the Fortieth Indiana volunteers. For nearly half a century following the war he traveled for the Baldwin-Miller company, New York diamond brokers, and for the Illinois Watch company of Springfield. He visited Jacksonville jewelers each month for many years.

Edwards.

Mrs. Elizabeth Edwards, one of Morgan county's oldest citizens, passed away at the home of her son, George Brown, 996 East College avenue, yesterday morning at 6:40 o'clock at the age of 94 years and six days.
Mrs. Edwards was born at Versailles, Ill., October 27, 1827 and had always resided in Illinois. Her home had been in Jacksonville for more than fifty years. She was a daughter of Mr. and Mrs. Phillip Ausmus, who were among the earliest Illinois pioneers.
Her first marriage was to James Brown, who died in 1868. In 1892 she was united in marriage with Harlan Edwards, whose death occurred in the year mentioned.
Surviving are three children, George Brown of this city; James Brown of Arkansas and Mrs. Ella Adkins of Vincennes, Ind. Also ten grand children and three great grand children.
The remains were removed to the Gilman Funeral Home where funeral services will be held at 2:30 o'clock Saturday afternoon in charge of Rev. C. D. Robertson of Centenary M. E. church. Burial will be made in Diamond Grove cemetery.

My Son!

The world awaits the conquering step of that boy of yours—grown up to stalwart manhood.

In any walk of life he may choose, there are opportunities for him.

Yesterday was the era of self-made men—tomorrow comes the day of the trained men. And training means education.

How will that boy of yours get his education? You have all the intervening years to make the answer. You can commence to save now—as little or as much as you can lay aside—and be ready for the day when that grown-up laddie starts to college.

It's so much easier to do it that way.

THERE'S a reason for saving. Start this very week. We'll be glad to show you how.

DEMOCRATS WANT TO STOP PROBE OF WATSON CHARGES

Indications Are Republicans Will Fight the Motion

(By The Associated Press)

WASHINGTON, Nov. 3.—A motion is to be made in the senate tomorrow, Democratic senators announced tonight to drop the investigation by the special senate committee into the charges of Senator Watson, Democrat, of Georgia, that American soldiers were hanged in France without trial.

Whether a partisan issue would develop out of the case was uncertain tonight but several Republicans declared they were ready to resist the Democratic motion which Senator Simmons, Democrat, North Carolina, said he planned to offer. He is to move discharge or dissolution of the special investigating committee headed by Senator Brandegee, Republican, Connecticut which was appointed last Tuesday under the senate's orders.

The Simmons motion was agreed upon after conferences between Republican and Democratic leaders and Senator Watson and after presentation by Mr. Watson of letters, telegrams and newspaper clippings as substantiating his charges. Democratic senators claimed they had assurances from some Republican leaders that they would not object to dissolution of the Brandegee committee but other Republicans declared they would oppose the Simmons motion.

Senator Watson said that he continued to object to presenting the case before any committee and he proposed to proceed with his evidence in the open senate. The affair is scheduled to be brought up immediately when the senate reconvenes tomorrow the adjournment tonight for this reason being taken until 10 o'clock an hour earlier than usual.

FRELINGHUYSEN FOR ENFORCEMENT OF PROHIBITION LAW

New Jersey Senator Asks Election of Republican

(By The Associated Press)

WASHINGTON, Nov. 3.—Enforcement of prohibition was advocated by Senator Frelinghuysen, Republican, New Jersey, in a telegram sent to Mrs. Everett Colby, to be read tonight at a Republican campaign meeting at Newark.

"Even those who may have not favored the Eighteenth Amendment originally should now stand for its enforcement because it is the law," Senator Frelinghuysen, in what was said to be his first statement on the state campaign issues. He urged support of Republican candidates who, he declared, stood for law enforcement. A Democratic victory the senator said would mean that the state opposed law enforcement.

"Let us be sure," he said, "that we do not have a governor and legislature resolved on making New Jersey as wet as the Atlantic Ocean, a paradise for bootleggers and other outlaws and a byword for an approach among her sister states."

JURY FINDS LIGREGNI SANE

CHICAGO, Nov. 3.—Frank Ligregni, who pleaded insanity, after having been found guilty of murdering his wife and sentenced to death, was found to be sane tonight and was sentenced to be hanged on November 9.

The jury reached a decision after three hours of deliberation. Ligregni was convicted of slaying his wife, a school teacher at Bartlett, Ill., after she had refused to accede to his request to quit her position. Ligregni's attorneys pleaded that he had become insane since his conviction for the crime.

NO HOPE OF AN ALLIANCE WITH UNITED STATES

Ambassador Says Washington Fixed Foreign Policy

(By The Associated Press)

LIVERPOOL, Nov. 3.—George Harvey, the United States ambassador to Great Britain, told an audience at the Liverpool Chamber of Commerce tonight that it was futile to hope that America, as Lord Derby recently had been suggesting, may some day be merged in a definite alliance with Great Britain and France.

This statement was made as a digression from an address on economics and the international industrial situation in which the American ambassador attacked communism and socialism and defended the principle of individualism.

In his digression, Ambassador Harvey recalled Lord Derby's statement in a recent address in Birmingham, in which the latter voiced the conviction that the success of the Washington limitation of armaments conference would mean peace and that its failure would mean war in the immediate future.

The speaker also recalled Lord Derby's suggestion to former President Poincare of France at a dinner last Tuesday evening that Anglo-French alliance would be desirable in the interests of peace intimating the "strong hope" that America might eventually join the combination.

"Now it seems to have fallen to my unhappy lot, since I have been in England," continued Ambassador Harvey, "to dispel illusions respecting the attitude of the United States. I can conceive of no more effective service on the part of an envoy, desirous as I am of eliminating all causes for misapprehension, than to set forth frankly any certainty which may bear upon the immediate future however disappointing it may be to his hearers. In pursuance of this policy, right or wrong, as it may be I feel impelled to say frankly that the hope voiced by Lord Derby must be regarded as futile."

Washington Fixed Policy.

"Our first president fixed the foreign policy of the United States clearly and unequivocally when he adjured his countrymen never to enter a permanent alliance with any other power. This policy has been re-affirmed by practically all his successors. It was reiterated with great positiveness in our latest national campaign by our present president and was carried by a majority of the people so great as to beyond the pale of comparison.

"In view of these circumstances, am I doing more than stating the wholly obvious and inescapable fact when I pronounce the entrance of the United States into any permanent alliance, however desirable that action may seem to be an utterly impossibility than part of wisdom to avoid discussion or even suggestion of a proposal which, however, praise-worthy it may be could hardly serve any purpose other than to feed enemies and distress friends of both Great Britain and France, who live in America?"

Ambassador Harvey in dealing with subject of world economies said the aftermath of the war hardly less disconcerting and devastating than was the war itself.

Mr. and Mrs. Richard Rust and family spent the day shopping in Springfield Thursday.

CONDITIONS IN GERMANY ARE LAID BEFORE OFFICIALS

First Hand Information is Brought by Carl Bergmann

(By The Associated Press)

WASHINGTON, Nov. 3.—First hand reports of conditions in Germany have been placed before the American government by Carl Bergmann, former secretary in the German financial ministry. Secretary Hoover said today. He was a member of the German reparations commission. Mr. Hoover said but it is no longer connected with the German government and is in this country on private business.

Herr Bergmann has been introduced to various government departments. Mr. Hoover said, as one entirely familiar with the economic and financial situation in Germany and able to give officials Henry was his mother's companion. His visit, the secretary added was wholly unofficial and not connected with the reparations question.

Besides conferences with Secretaries Hoover and Mellon the former state secretary was said to have talked with a number of other high officials of the American government. He was understood to have brought word to this country that production was proceeding feverishly in Germany because of the exchange situation and the depreciation of the mark prices were not keeping pace with the output.

TO GIVE NOTICE OF WAGE CUTS

(By The Associated Press)

NEW YORK, Nov. 3.—Chief operating officials of railroads in eastern territory planned at a conference today to give the required thirty days' notice of the proposed wage cuts to representatives of each class of employees the latter part of next week. A statement issued after the meeting by J. D. Walker, who acted as chairman followed in part:

"The meeting was unanimous in the view that the present condition necessitates the earliest possible reduction in the wage scale. This cannot be started without serving thirty days notice upon the representatives of the various classes of railroad employees after which conferences are necessary in order to develop whether or not it is possible to reach an agreement. In the event that it is not possible to reach an agreement then it will become necessary for the dispute to be submitted to the United States labor board. It is planned to present the required 30 days notice to the representatives of each class of employees the latter part of next week."

WILL ASK FOR SUSPENSION OF ORDER

(Continued from page 1) same work pending action by the company.

The rumor that mine number five, of the Centralia Coal company, employing approximately 1,000 men would be idle today, was met with the information this morning by the company officials that no action had been taken by the miners and that more than the usual number of men had checked in for work today.

Indiana Mines Close Down
TERRE HAUTE, Ind., Nov. 3.—Reports received this morning at headquarters of the United Mine Workers in this city, showed that only six of the soft coal mines were working in Indiana. These mines in operation, were scattered throughout the district and none of them are large producers.

President John Hessler, of the district union, was holding in abeyance the issuance of a formal strike order and it was stated at union headquarters that such steps likely would not be necessary at the mines. Officials assert that within another day, all mines in the district will be closed.

Reports received here also said that most of the mines in the Brazil block coal field, adjacent to Terre Haute, also were closed.

ASKS TO BE HEARD BY GRAND JURY

LOS ANGELES, Cal., Nov. 3.—Mrs. Madeline C. Obenchain, indicted on charge of murder in connection with the death here last August of J. Bolton Kennedy, local broker tonight sent a letter to the grand jury demanding the privilege of being heard if the grand jury is asked to re-indict her it was announced by her chief counsel, Charles E. Erbstein of Chicago.

This resulted from reports that the district attorney's office would ask for indictment in event that Judge Sydney N. Reeve tomorrow grants a motion by the defense for dismissal of the indictment against her on ground that more than sixty days has elapsed since the indictment and she had not been granted trial and the continuances were not with her consent.

RUSSIA NEEDS TO BE BOILED OUT

Russian Jew Says This Is What Must Happen—Then He Predicts There Will Be Only Two Great Peoples on Earth, Russians and Americans.

TIFLIS — (By A. P.) — The question uppermost in the minds of all visitors to Russia is: "What can be done to revive Russia's broken-down economic and industrial situation." The writer put that query to a Russian-American Jew who had just befriended him during an altercation with a Red guard over the correspondent's right to occupy a seat in a train jammed to overflowing, during the trip from Batum to Tiflis.

The friendly Jew, a high official in the Soviet of Georgia, sent here from Moscow to carry out in some degree the latter's plans, sat down in the crowded compartment and talked about Russia from his point of view.

"Russia's got to be boiled out, that's all," he explained. "The process may take 20 years, but when it's finished there'll be but two great peoples on earth, Russians and Americans. And they'll be a like as twin brothers, both rich in agriculture and in mineral wealth."

"What Russia now needs is factory products, in trained engineers to put her on her feet, to help to work her mines, and whoever gets in on that job is bound to make big fortunes."

Need of Education

"The next and immediate need of Russia is education. The Soviet is trying to do that. Every man in the Red Army is taught to read and write. But the job is a difficult one. Under the old regime, education was discouraged. The people were exploited by the wealthy and educated few."

This keen Russian-American told of himself and his present needs. He was earning a big salary, 100,000 rubles a month, exactly one dollar at the present rate of exchange and enough to keep his family going for about a day. The rest, the millions of rubles necessary for the other days, he made up by speculation, by shrewd practices for which he would be shot if they were known. But it was either that or starvation. His wife lay ill in Batum with malaria and a tablet of quinine, or one dose, costs 20,000 rubles, and had quality at that. Also, his only son had tuberculosis as a result of underfeeding and medicines at prohibitive prices were required.

Was this man satisfied with the Soviet regime? Of course not. He had worked hard for it for three years to keep going, he had held all sorts of jobs that required high intelligence, and he considered the crowd at Moscow a lot of fools.

Up to 1916, he had been in America, had his three automobiles and a big importing agency, owned his home in Brooklyn still, but he had been caught in the revolution and couldn't get out. So he was helping in the boiling out process. He's going to stick on because he can make his fortune back.

Hated Aristocracy

He hated the old aristocratic class because they tried to have everything for themselves, because theirs was a system that led to laziness, drunkenness and non-production and finally the extinction of their class in the grand crash of ruinous revolution. All the good he could think to say for the Soviet was that it had

tried hard. For one thing it had knocked out alcohol. Yes, that was one of the troubles of old Russia. Too much drink, among all classes. In Georgia, where we were, there was still plenty to drink, but toward Moscow drink thinned out until none was to be had.

There was lots of thievery—the correspondent had best look out for his pockets and his baggage—but to be caught stealing meant execution.

Another excellent institution of the Soviet was the Red Army, yes, that was a thing to be proud of. Discipline was fine. It was better than the Czar's army. Now only men up to 24 were enrolled. There were five million of them—

a great force to be reckoned with.

Hopes for U. S. Aid

Would the United States come in and help Russia? This thought was uppermost in his mind. He hoped so. He wanted to get back to America for a time to get some money together. Then he would return and make his fortune. He had taken out his first papers years ago but his business in Russia had prevented his taking out the second papers. His wife was from Philadelphia. Born there. So was his son.

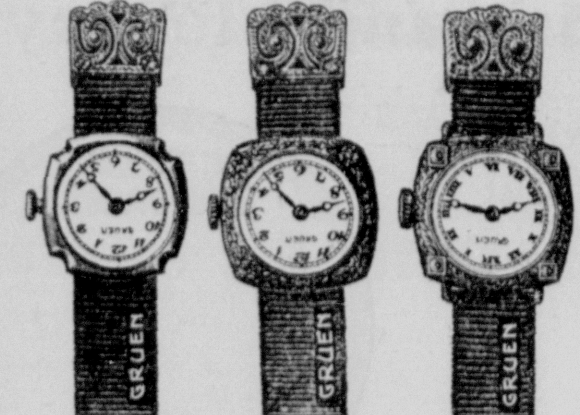

It would take \$1,000 to get back to the United States, which meant 100,000,000 rubles. Speculation as he might, he could never get together such a sum. Maybe he

might arrange to get sent over on a commission, when Moscow got the Americans to accept the trade idea. Just now he had \$5 in American money—500,000 rubles—which he had given his wife as a birthday present.

Well, one had to make the best of things in Russia. One got used to makeshifts. He was supposed to have a private car, but it was in the repair shop and tonight he was sleeping on the floor of the car we were in. He couldn't find a seat and was glad of the floor space. Thousands had been at the station in Batum, waiting for another train.

The members answered roll call with the name of an author. The meeting closed with a pleasant social refreshments. Miss Bessie Spiker of Waverly and Miss Emma Ward of Sinclair were guests at the meeting. The class will meet at the home of Mrs. Albert Swain, Nov. 17th.

Centenary Ladies Plan Bazaar

The Ladies' Aid Society of Centenary church met yesterday afternoon at the home of Mrs. R. W. Dodsworth on South East street. A business meeting, in charge of Mrs. E. L. Kinney, the president, was held and plans made for the annual aid bazaar and supper to be held November 17. The remainder of the afternoon was spent in an informal social way and dainty refreshments were served by the hostesses. Those acting as assistant hostesses were, Mrs. E. L. Pletcher, Mrs. Nellie Royce, Mrs. Lena Francis, Mrs. Naomi Wharton, Mrs. Frank Garland and Mrs. Charles Martin.

Delightful Function at Governor Duncan Home

The Governor Duncan Memorial home was the scene yesterday afternoon of one of the most attractive parties of the fall season when Mrs. Fletcher Hopper and Mrs. William S. Babo gave a bridge in honor of Mrs. Hopper's sister, Mrs. Clinton G. Smith of Washington, D. C. The beautifully colored foliage and asters of the late fall were used in artistic decorations of the large home and all the appointments of the affair were such as to make it a delightful function. There were twenty-eight tables of bridge made up and following the hours of playing, a two course luncheon was served.

The out-of-town ladies on the guest list included: Mrs. J. C. Grout, Mrs. William Wail, Mrs. D. D. Watt, Mrs. Harold Burke, Mrs. E. J. Frost, Miss Louise Frost, Mrs. Albert Hainsworth and two daughters, Misses Henrietta and Julia Hainsworth, Mrs. W. B. Clark, Mrs. J. W. Eckman, Mrs. Thomas Degan, Mrs. D. W. Gibbs, Mrs. S. D. Smith and Mrs. Edward Smith, all of Winchester, Mrs. Merton Abbott of Naples; Miss Winifred Ashley of Bluffs; Mrs. W. R. Turnbull of Waverly; Mrs. T. J. Charles of Beardsdown; and Mrs. Howard Campbell and Mrs. Virgil Robertson of Virginia.

Wedding Anniversary Is Celebrated

Mr. and Mrs. John Laurent were given a very pleasant surprise recently at their home east of the city, when eleven cars filled with their relatives and friends drove to their home without previously announcing their intention. The event was in honor of their twenty-fifth wedding anniversary and the observance was all that could be desired. The vis-

itors brought well filled baskets of good things to eat with them and at noon a dinner was served which could hardly have been surpassed.

The afternoon hours were spent in a very pleasant informal way and when the guests departed it was with the hope that their host and hostess may have many other such anniversaries.

Queen Esther Circle at Hard Time Party

Miss Jennie Elliott entertained the Queen Esther Circle of Grace M. E. church, last evening at a Hard Times party. The guests all appeared in their oldest, most ragged clothes and in spite of "Hard Times," had a royal good time during the evening. Old fashioned games and stunts planned by the hostess filled a happy evening. The hostess served delicious refreshments in keeping with the occasion. About thirty guests were present.

Mrs. Clarence Taylor was hostess to the members of the B. B. club yesterday afternoon at her home on South East street. Mrs. Ralph Cowgill gave an interesting reading, and other members of the club took part in a discussion of helpful household hints. The rest of the afternoon was devoted to a social time and the hostess served an attractive little luncheon.

Home Economics Club Begins Work

The Home Economics club of Illinois Woman's college started the year's activities with a table party given last evening at the dinner hour. There are about one hundred girls enrolled in the course this year and all are members of the club. Following the dinner a meeting was held and plans made for the club's activities this year.

Miss Grace Tinkle, the new head of the department, spoke of plans for a definite program to be followed this year, of which home economics and its use in the home and community life will be the general subject.

Ladies Sew for Bazaar

The Ladies' Aid of Westminster church met yesterday afternoon at home of Mrs. W. C. Bradish on West College avenue. The afternoon was devoted to sewing for the bazaar which will be held this fall. A pleasant social hour came at the close of the afternoon.

Family Reunion.

At the home of Richard Lake, northwest of the city a pleasant family reunion is being enjoyed. John Lake and daughter of Chandler, Okla., and J. S. Lake, of Okla., Kansas, are at the residence of the men's brother, Richard Lake. One brother is in Okla., Kansas, and was unable to be here. J. S. Lake is 76 years old and unmarried. John has been here but once in 37 years and sees many changes.

Centenary Aid Met Thursday Afternoon

The Ladies Aid society of Centenary church met Thursday afternoon with Mrs. R. D. Dodsorth, 111 South East street, with a large number present. The president, Mrs. E. L. Kinney, presided and plans were completed for the annual bazaar and turkey supper to be held at the church November 17. Tickets for the supper will be \$1 and as only a limited number will be sold it would be well for those expecting to attend to secure tickets well in advance. Mrs. Muellhausen will have charge of the tickets for the affair. The assistant hostesses Thursday were: Mrs. E. L. Pletcher, Mrs. Charles Martin, Mrs. Frank Garland, Mrs. Nellie Royce, Mrs. Naomi Wharton. Refreshments consisting of pumpkin pie with whipped cream, fruit and coffee were served.

Helping Class of Hebron Church Held Meeting

The Helping Class of Hebron church held its regular meeting Thursday afternoon with Mrs. Emma Ward with a large attendance of members. The devotionals were in charge of Mrs. Vol Savier. The members responded to a roll call by naming an author. Mrs. Charles Bealmeier read an interesting paper on the Twelve Apostles. The class also planned a picnic for the summer to be held at the church the date to be announced later. The next meeting will be held with Mrs. Albert Swain Thursday, November 17.

Good Missionary Society of Wesley Church Met

The Woman's Foreign Missionary society of Wesley Church met Thursday afternoon with Mrs. Margaret Middleton with a large number of members and several guests. Mrs. Tendick read the fourth chapter of Psalms and "Thy Word Our Life Line" was then played on the Victrola. Mrs. Mary Ranson and Mrs. J. W. Leach delegates to the district convention at Havana made their report. Miss Leota Tendick read chapter from the study book.

ing the hostess and her daughter served delicious refreshments.

Sunday School Class Enjoyed Picnic

About sixty boys and girls of Mrs. E. C. Lambert's Grace church Sunday school class enjoyed a delightful hay ride last night. At 6:45 o'clock three hay racks drew up at the church and the merry crowd piled aboard. They rode around for two hours and during that time enjoyed some fine music by an orchestra composed of some of the members of the class. The party then returned to the church, where a delicious supper was enjoyed. Ordain Fox was the chairman of the entertainment committee and was assisted by J. L. Read and Miss Irene Groves. Mrs. T. V. Hopper and Mrs. A. T. Capps were present as special guests.

Annual Open Meeting of Salem Ladies Aid

The annual open meeting and the 14th anniversary of the Salem Ladies Aid society was held at the home of Mrs. Thomas Boyd yesterday afternoon with about one hundred present. A delicious two course luncheon was served by the following committee with Mrs. J. W. Ledford as chairman: Mrs. Robert Hopper, Mrs. Oliver Hamm, Mrs. Lloyd Cranwell, Mrs. Harry Fox.

After the luncheon the regular business meeting of the society was held. Then the interesting program for the afternoon was presented as follows:

Scripture reading—Rev. Rinehart.
 Prayer—Mrs. Harrison.
 Secretary's report—Fannie Boyd.
 Treasurer's report—Mrs. Thompson.
 Instrumental solo—Mrs. Fox.
 Reading—Miss Dunnavan.
 Instrumental music—Margaret Barber.
 Solo—Viola May Ledford.
 Reading—Miss Dunnavan.
 Solo—Mrs. J. W. Ledford.
 Altogether it was one of the most profitable and enjoyable occasions ever given by the Aid Society and was indeed a memorable anniversary.

Met With Mrs. Hunt

The Ladies Aid Society of the Mt. Zion church met Thursday afternoon with Mrs. Douglas Hunt. The meeting opened with some songs and then Mrs. Wetzel led in prayer. The members present then enjoyed a piano solo by Miss Rowena Johnson. There were 13 members and four visitors present. After the regular business session the hostess served dainty refreshments.

The next meeting will be the annual open meeting and will be held with Mrs. Emma Johnson on December 1. It was also decided at this time to hold an oyster supper in the near future.

PROGRAM IS BEGINNING TO ASSUME FORM

America's Disarmament Plan to Be Presented Early

(By The Associated Press)

WASHINGTON, Nov. 3.—The policies and program of the American delegation to the armament conference are beginning to assume definite outline and if the expectations of official Washington are realized, the opening day of the conference will be a sequence of developments something like this:

Presentation, at the outset of a concrete American plan for far-reaching reduction of naval armament. Consideration, along with this plan, of such troublesome problems of the Far East as may naturally project themselves into the picture.

Meantime, an effort by the United States to keep the negotiations in the open so that public opinion may exert its pressure toward practical accomplishment.

Salient features of the American naval armament proposal already have been established and although details remain to be fixed there is reason to believe the reductions suggested will be sweeping enough to convince the whole world that the United States meant business when it called the powers into conference.

It would cause no surprise if the leading naval powers found it necessary to submit the plan of this government to long and careful study before they determine on their course of action.

Should the reductions proposed prove unacceptable it is believed likely that the American initiative would invite the other powers to present in their turn some concrete counter proposal.

KINMAN SCHOOL PICNIC

The children of the Kinman school, taught by Miss Gladys Winter, were entertained by the mothers at the home of Mrs. Charles Hadden recently. It was in the form of a winter roast, but the menu included lots of good things that only mothers know how to prepare.

The children present were John and Virgil Westrope, Esther and Morris Mason, Edna and Rena Higgs, John, Thelma and Bertha Pahlman; "Pud" Watt, James.

MANY STUDENTS IN FRENCH SCHOOLS

NEW YORK.—(By The A. P.)—American students from forty-three states and the District of Columbia, graduates of 103 American universities and colleges, are now studying in French universities. Prof. Sarle B. Babcock, reports on his return to

New York university after serving as director of the American university union in Paris.

The largest number of American students, 524 men and women since the beginning of the war, are registered at the union. Before the war between 1,100 and 2,500 students were studying in Paris every year. As the result of the work of the union and the American council of education, all of the French state degrees are accessible to foreigners except

that of doctor of letters. Professor Babcock said.

Professor Paul Van Dyke of Princeton will be director of the union for 1921-1922.

**COL. SMITH MADE
ADDRESS TO KIWANIANS**

New Managing Officer of School
for Deaf Explains His Policies
in Interesting Manner

At the weekly luncheon of the Kiwanis club at the Peacock Inn yesterday, Col. Oscar Smith, managing officer of the State School for the Deaf, made the address. In the absence of President Farrell, who is attending a convention in Aurora, the vice president, Rev. E. L. Fletcher, presided.

In his rather brief address, Colonel Smith made some explanation of the reasons for his coming to the State School for the Deaf and his aspirations for the institution. When Governor Small asked Colonel Smith to accept the position here, Colonel Smith said that he had not had experience in an institution of this kind. The governor replied that the special need here was for an executive and it was for that reason that Colonel Smith decided to enter upon the duties of the position. He had abundant experience as an executive, in addition to some ten years' work in school teaching. His field of experience has also given him a knowledge of farms and mechanical work.

The new managing officer said that he had told employees of the institution that there would be no changes made because of political reasons—that all that was wanted was efficiency and devotion to duty. He said that he thought it would be criminal to make these wards of the state, political pawns. The speaker made the suggestion that because of the very fact that the institution is here there are probably a great many residents who do not realize what are the conditions or the work which is being done. He said this is very apt to happen with any institution, its interests and work being overlooked because of the very fact of proximity.

Colonel Smith expressed the hope that the people of Jacksonville will frequently visit the school and become more familiar with the work that is being done. He said that it was his hope with the co-operative effort of teachers and employees to make this the greatest institution of its kind in the world.

**EMPLOYEES BETTER
OFF THAN IN 1914**

NEW YORK, Nov. 3.—M. W. Alexander, managing director of the National Industrial conference Board in an address before the industrial relations association today said that on July 1, 1921, railroad employees were thirty percent better off in real wages than they were in 1914.

Discussing the determination wage rates, Mr. Alexander said, that taking into consideration the recent twelve per cent wage cut railroad employees were today about twenty per cent better off than before the European war.

**RED CROSS DOES LOTS
OF PEACETIME WORK**

Record Shows Many Phases of
Activity in Morgan County—
Many Soldier Cases Given Attention

In many instances people believe that the Red Cross has ceased its soldier work since the close of the war. This is an error and the following facts will be of great interest to the public and will acquaint them with the work that the Red Cross organization is doing for the soldiers during the times of peace.

Since October 1st, 1920, the Home Service Section of the Morgan County Red Cross has given aid to 36 soldier family cases. Sixteen of these cases were in the city of Jacksonville and twenty in the county. Up to July 1, 1921, the government provided an allowance for a service man's dependents, provided he made an allotment of his pay. In such cases the Red Cross helped the family fill out the proper forms. Should the income prove insufficient, after investigation, aid was given in the form of clothing, grocery and coal orders.

Since July 1st, should a man's family become dependent upon him, and they think that he is discharged, the Red Cross receives a letter from the Adjutant General's office at Washington, requesting that an investigation of the family conditions be made and reported back to their office. In such cases where reports show that the family is in need, the Red Cross furnishes the necessary relief until the man is discharged from the service.

Major General Ireland, surgeon general of the U. S. Army, makes the following statement regarding Red Cross service to the peace time army:

During the past year the Red Cross has conducted its work in and for the army on an exceptionally high plane of efficiency. That there has been no letup observed in the interest and enthusiasm displayed by its representatives who are carrying on this important work, despite the fact that the glamour of a war-time stimulus has been removed, is a source of extreme gratification to all concerned.

The army needs the services of the Red Cross in time of peace almost as much as it does in time of war. In our military hospitals aided veterans of the World War.

The peace-time organization of the Red Cross with the army is a modest one and by no means should we permit it to languish, or disintegrate by reason of indifferent standards.

In appreciative recognition of its splendid achievements in the past, and the incalculable good that it can do in the future for the personnel of the army alone, I urge upon every member who has been affiliated with the Red Cross during or since the war to keep alive his or her active membership therein and, in addition, to vigorously support the campaign for new members, which is being announced in this issue of the Roll Call.

James Rabbitt has returned from a trip to St. Louis and is somewhat indisposed, but not seriously so. R. T. Willis was down to the city from Liberty yesterday.

**DR. MILLER GAVE
DINNER FOR MASONS**

Long Time Resident of Woodson
Proved Royal Host to Brethren
of Order—Given Token of
Esteem by Guests.

For several years good Dr. Miller of Woodson has annually invited a large number of his friends to his hospitable home in Woodson to enjoy a feast of fried chicken and a good time generally and this year he actually outdid himself. Months ago he began rearing a choice lot of fowls for the special occasion. When all was ready they were handed over to a committee of ladies to prepare them for the feast and a feast it was indeed.

Early in the evening, Thursday, the hosts began to assemble and this time there was new departure for instead of assembling at the doctor's home the guests were invited to the Masonic hall where they enjoyed a time of greeting and good cheer until they were summoned to the community rooms of the Christian church where tables had been spread and there the feast was served. It was truly an array of good things in fine abundance and most beautifully, promptly and ably served. The cooks most grandly did their duty. The bill of fare left nothing to be desired and the fair waitresses did their duty as well.

The cooks who prepared the fine spread were: Mrs. Charles Taylor, Mrs. Nettie Eard, Mrs. Louise Henry, Mrs. Nettie McGinnis, Mrs. Luella Henry, Mrs. John Shirley, Mrs. Richard Self, Mrs. Eva Winters, Mrs. Edith Jones, Mrs. Edith Watson, Mrs. Ella Smith.

The efficient waitresses were: Misses Eva Mortimer, Ruth Shirley, Corinne Shirley, Ruth Wardle, Alleen Murch, Margaret Strandberg, Alleen Watson, Edna Watson, Hazel McAllister, Marguerite Steinmetz, Carmen Dugger, Juanita Harney.

There were 98 guests at the tables and their wants were fully satisfied. Miss Marie McGinnis, the doctor's niece and housekeeper was everywhere at once and saw that all went right. During the meal a special choir sang three songs which had been written especially for the occasion.

J. S. Hackett Presided. The guests repaired to the hall where J. S. Hackett was requested to preside and a program was carried out. Among the guests were several guests from Springfield. Dr. Miller's special Masonic friends and all high in the councils of the order.

The first speaker was Clarence Bennett of Springfield. In glowing terms the gentleman told of the love and esteem in which Doctor Miller was held in the capital city and then he dwelt on the grand career which is familiar to so many. He told of the many years the doctor has spent ministering to both body and soul and how he was beloved by so great a circle of admiring friends.

R. J. Shand of Springfield followed in a similar strain and presented the doctor with a substantial token of esteem which had been raised by the friends present.

Is Visibly Affected. Dr. Miller was visibly affected by the gift and the words of the speakers and in eloquent terms expressed the gratitude he felt. He told of his love for the order; the kindness of the brethren and the great joy he felt in looking into the faces of so many brethren on this occasion.

Julius G. Strawn of Jacksonville spoke on the beauties of advanced Masonry and was well qualified as he had recently been elevated to the lofty pinnacle of the 33d degree, the only one so honored in this community.

Rev. A. E. Powell of Woodson stepped in for a neighbor and expressed the high esteem in which the gentleman is held in a community which he has served for so many years. The reverend gentleman is an enthusiastic member of the Masonic order and a loyal friend of the doctor.

Other speakers were E. D. Beird of Bluffs, William Summers and Mr. Irvin of Springfield. This ended the program and then all remained for a social time and it was a late hour when the last guest departed all with many good wishes for the host of the evening.

**PLAN FOR OPENING
THE CITY PLAY HOUSE**

Announcements have been sent out for the opening of the "City Play House," to be held at 7 p. m. on November 11, at the fire department. Tickets of admission will be 25c for children under 16 years and 50c for adults. Tickets may be secured from J. S. Findley, secretary of the Y. M. C. A. at his office in the James building. The fund secured from the sale of tickets will be used in paying the bills for lumber and other materials which were used in fitting out the play house. All the materials were bought at cost and the work was done by mechanics of the city without cost.

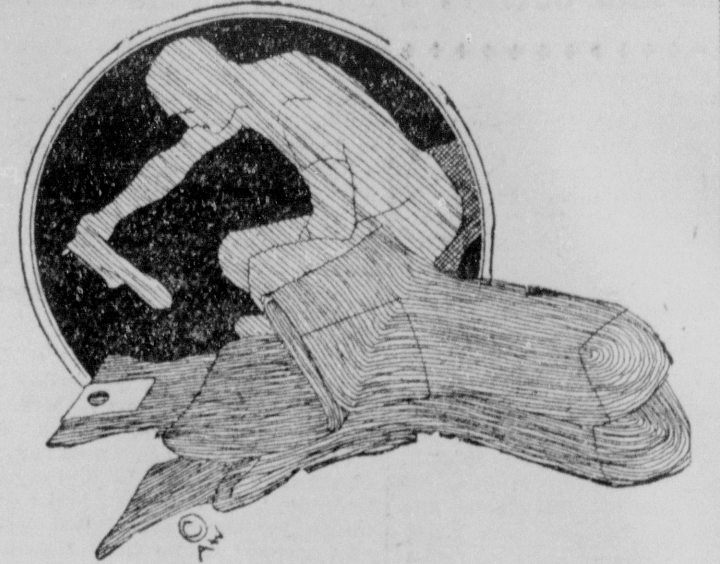

Any funds raised in excess of the amount of the bills incurred will be used in the purchase of other equipment.

E. S. Smith of Lawton, Okla., is visiting at the home of Mr. and Mrs. Swallow on South Diamond street for a few days.

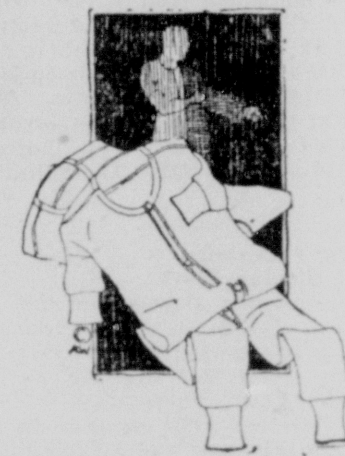

Mrs. Lewis Frier and two children of Louisiana, Mo., are visiting at the home of Mr. and Mrs. James Strawn on South East street.

Members of Illini Lodge No. 9, Odd Fellows, are anticipating the open meeting tonight with pleasure. An excellent program has been arranged. Members of the lodge and their friends are expected to be present.

**DRAMATIC CLUB
TO PRESENT PLAY**

The Dramatic club of the high school will present a one-act play, probably next Tuesday at a special assembly of the school, entitled "The Heavens Chime." The original date for the performance was set for today, but had to be postponed on account of some members of the cast.

The play has been prepared by five members of the club, and the cast is as follows:
Kitty O'Day.....Lavina Scott
Mr. Waddell.....George Adams
O'Day.....Lee Baldwin
Dannie Douglas.....Dave Dawson
Hetty Douglas.....Clarence Ingram
Time in the morning.
Scene—Mr. Waddell's living room.

The Dramatic club is a very active organization. Twice a month meetings are held, under the direction of Miss Adele Sheah, instructor of English and expression in the high school, and during these meetings papers are read on dramatic subjects, and orations and readings of a dramatic nature are given. The club plans to give enough plays during the year to give every member a chance to act.

Chamber of Commerce Men Talk Over Ocean-to-Ocean Highway With Springfield Chamber of Commerce

Representatives of the Jacksonville Chamber of Commerce, together with the representatives of the Decatur organization, were guests of the Chamber of Commerce of Springfield last night. The visitors were entertained at dinner at the Sangamo club and afterward attended a meeting of the forum of the Chamber of Commerce at the Leland hotel.

The purpose of the forum meeting was to discuss the Pike's peak Ocean-to-Ocean highway proposition, as presented by John M. Walsh of the national organization. The Springfield quota of memberships in the association was 198 and because this number has not been reached the forum meeting was arranged.

There has been some opposition to the movement and the Jacksonville and Decatur men were invited to attend and tell what their respective cities had done with reference to the Ocean to Ocean plan.

J. Tarbanin of Springfield was a visitor in the city yesterday.

AGED RESIDENT OF VIRGINIA IS BURIED

Funeral of Mrs. Jane T. McBroom held Wednesday afternoon—Mrs. Bert Reither Seriously Injured—Other Virginia News.

Virginia, Nov. 2.—The funeral services for the late Mrs. Jane Turner McBroom were held Wednesday afternoon at the Presbyterian church, in charge of Rev. Max B. Wiles. Interment was made in Walnut Ridge cemetery. The deceased, who was an aged and highly respected resident of this city, passed away at an early hour Monday morning at the home of her nephew, Samuel Turner, in this city. The deceased had been an invalid for a number of years, due to paralysis, which was the cause of her death.

Mr. and Mrs. L. R. Carter are moving their household goods to Springfield. Mr. Carter has been an employee at the Bert Stambaugh barber shop for the past year.

Col. Edward Clifford of Washington, D. C., spent a few days last week as the guest of his parents, Mr. and Mrs. James Clifford, in this city. Colonel Clifford was en route to Kansas City as a delegate to the American Legion convention.

Mrs. Robert Widmayer returned home Monday from an extended visit with her daughter, Mrs. J. V. Cotta, in Crawfordsville, Ind.

Miss Daisy Ewing of Girard is the guest of Mr. and Mrs. W. T. Trimble.

Mrs. Dona Lewis, who was taken to St. John's hospital last Friday remains in a critical condition.

Rev. and Mrs. C. E. French left today for their new home in Gib-

JURY DUTY TO CURE NERVOUSNESS

Cleveland, O., Oct. 29.—(By A. P.)—Jury duty is recommended as a cure for nervousness by Mrs. Grace Schmidt of this city. Until she served as a member of the jury which tried Bobby Hunt on a charge of murdering a policeman, she said she had been a sufferer from nervousness that for nearly a year threatened serious complications.

"Jury duty proved to be my panacea and I hope I may be called again," Mrs. Schmidt declared. "The morning they summoned me I was cleaning house. All the way to the courthouse I was scared. I had never been in court before. I made up my mind I would not be accepted but I was."

"When I was seated in the tentative jury I noticed I was losing sight of my home worries. As the case continued I became so interested that the things uppermost in my mind were the facts being presented by the attorneys."

"The immensity of the troubles of the old gray-haired mother sitting there so completely overshadowed mine that I became conscious of a strange but pleasant fact—I could think coherently and I had completely forgotten about my worrying."

Mrs. Edward Kastner was a shopper in the city yesterday from Rigston.

RUSSIAN WIFE OF AMERICAN IN PRISON

Is Arrested on Charge of Being Foreign Spy—Just Secured Release Thru Efforts of Dutch Consul.

TIFLIS, Soviet Georgia (By a Staff Correspondent of the Associated Press)—What happens to the foreigner locked up as a political suspect even under the supposedly mild rule of this Soviet, may be judged from the case of Mrs. Lianna Edwards, the Russian wife of James Edwards of Youngstown, O., who has just been released through the efforts of the Dutch consul, representing United States interests here.

Mrs. Edwards had a perfectly good passport, obtained as the wife of James Edwards, whom she married here sixteen months ago while he was an officer of the Near East Relief. He went away on business, so he told here, and has not since returned.

When Georgia passed again into the hands of Moscow last March, after several years as an independent republic, she fled with many others to Batum but there decided to remain and take her chances.

She worked for a time as translator of English under the new Soviet and then in August was arrested by the secret police, charged with being a foreign spy and was offered money to go to Constantinople and work for the Soviet. This she refused and so she was sent here and imprisoned.

In prison most of her clothes were taken away, ostensibly to be burned during the cholera epidemic and those she had on fumigated. She was not given a bed but told to sleep on the floor. Her food, so she related later, consisted of a pound of bad bread per day, with hot water in the morning and thin soup at night. She scrubbed floors during the day. Also, each day she was told she would be shot as a bourgeois.

What aroused the special hate and attention of the Bolsheviks was her maiden name of Romanov. She states that her mother was an American, Liana Davenport, and that she was born in Taskent, where her father was governor general. Because of the name Romanov she was suspected of being related to the family of the late czar.

She gave her last possessions of jewels as a bribe to a released woman prisoner and got word to the Dutch consul who, after various demands, secured her release. For her safety, she was removed to the now unoccupied American consulate and food is being provided by the Near East Relief.

BERT ACOSTA WINS
PULITZER TROPHY

OMAHA, Neb., Nov. 3.—Bert Acosta, of New York, won the annual Pulitzer silver trophy race for heavier-than-air craft here today, defeating a field of five other contestants, one of whom, H. E. Hartney, of New York, was injured when his plane crashed near Loveland, Iowa.

Circling the race course from Omaha to Loveland, Ia., to Calhoun, Neb., and return five times, Acosta covered the route of about 150 miles in fifty-two minutes, 52 seconds, or at the rate of 176.7 miles an hour, as compared with last year's record of 178 miles an hour, made by Capt. C. C. Moseley, representing the Aero club of Southern California, on a Long Island field.

C. B. Coombs, of New York, flying for S. E. J. Cox, of Houston, Tex., was second making the course in 54:07.6. Lieut. John A. McCready, of McCook field, Dayton, Ohio, holder of the world's altitude record was third. His time was 57:20.6. Lloyd W. Bertaud, of New York, was fourth, with a time of 1:1:31.1. Trouble with his machine forced James Curran, of Chicago to abandon the race.

Mr. Hartney, who is executive secretary of the Aero club of America, was injured when his plane was wrecked on a forced landing in a field. His right hip was broken and he suffered some internal injury, the seriousness of which could not be learned early tonight. Trouble with the gasoline pump of his machine forced him down from an altitude of about 500 feet, the plane making a nose dive. He was thrown thirty feet clear of the machine, which afterward was burned.

To Acosta will go the Pulitzer trophy, with \$3,000 in cash, while second and third place won \$2,000 and \$3,000 respectively.

CAMPAIGN WORKERS

The Jacksonville citizens chosen to serve as captains in the United Budget Campaign, which begins November 11, have begun the work of choosing their workers. There will be about fifteen workers for each ward and the total number used in the whole campaign will be nearly one hundred. The executive committee is receiving much valuable data on this kind of a campaign, from other cities where it has been successful, such as Cleveland, Ohio; Parkersburg, West Virginia, and Minneapolis, Minnesota. A speaker will be secured from one of these cities to address the campaign solicitors.

Booklets are being gotten out by leaders in charge of the organizations represented in the campaign, giving the salient facts concerning their organization. These will be used by speakers when they bring the campaign before the public in the churches and other public gatherings.

On November 11, every person connected with the campaign are requested to be present, at which time the workers will be delivered inspirational addresses by Dr. Thomas Smith and others.

ILLINOIS READY
FOR MONMOUTH

Coach Harmon's Warriors Had Final Workout Yesterday Afternoon—Team in Good Shape for Fray.

Illinois College finished its preparation yesterday for the game with Monmouth which will be played on Illinois field this afternoon.

The Blue and White squad is in good condition physically, but Coach Harmon will present a lineup this afternoon that will look rather strange to some of the spectators because of a number of the men being down in their studies.

However, the lineup is one that should get results and shows that the coach has men who can be depended upon to jump into any position and fill it well.

During the week Coach Harmon has been trying to impress upon his men the necessity for fighting from the sound of the first whistle. The team displayed this quality in the Normal game and the result was a good lead was obtained before the game was very old.

In the Bradley and Wesleyan games Illinois seemed to lack the fighting spirit in the early periods. However, in both games she showed in the closing minutes of play and displayed a brand of football that had been used at the start would have turned both those defeats into victories.

Capt. Cully is determined not to let this happen in the remaining games of the schedule. He will drive his men at top speed from the first to the last whistle and if the men play football like they are capable of playing Illinois' opponents from now on are going to have their work cut out for them.

Illinois will lineup at the start of the game as follows:

Witaschek, lc; Reid, lt; Weber, lg; Roberts, c; Gunn, rg; Ribelin, rt; Mellon, re; Cully, qb; Thurmon, lb; Burrus, rh; mon, lh; Burrus, rh; Rogers, fb.

GIBBONS TOUCHY
ABOUT HIS AGE

CHICAGO—(By the A. P.)—Tom Gibbons, the St. Paul heavy-weight champion contender, is as sensitive about his age as a prima donna. The record books give his age as thirty-two, which he says, is incorrect.

"My brother, Mike, is only thirty-three," Tom explained, "and I'm not even his next younger brother. There was another one between us, now dead."

"I am twenty-eight years old, having been born in 1893 instead of 1889, as stated in the record books."

"Furthermore, I'm the youngest twenty-eight-year-old I know of."

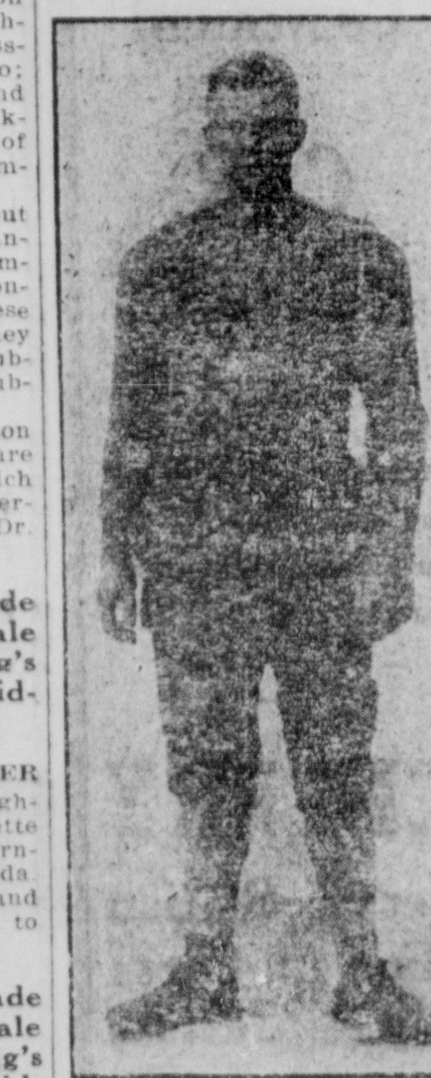

Gibbons, who is matched to box Georges Carpentier for Tex Rickard, recently scored his seventh consecutive knockouts.

MELLON, R. E.

ECHO OF BASEBALL
SCANDAL OF 1919

CHICAGO, Nov. 3.—An echo of the baseball scandal of 1919, was sounded here tonight by the placing on the ineligible list of Joe Gedeon, former infielder of the St. Louis American league club by Judge Kenesaw Mountain Landis, commissioner of baseball. The action of the commissioner came on the heels of a telegram from William McCarthy, president of the Pacific coast league, who wired Judge Landis, inquiring about the status of Gedeon, who was scheduled to participate in a game on the coast, November 11.

Judge Landis sent a brief telegram to President McCarthy tonight in which he told him to advise his players not to participate in any games in which Gedeon appeared as he had placed him on the ineligible list. Under the rules, players in organized baseball who participate in games with members who are ineligible, automatically place themselves in the same status.

Gedeon was given his unconditional release by President Phil Ball, of the St. Louis Americans, shortly after he had appeared before the Cook county grand jury and told his story about the alleged throwing of the world's series in 1919. At the time of Gedeon's release no reason was given for Mr. Ball's action. During last season Gedeon did not appear in any organized baseball games.

When the grand jury began its investigation of the world's series scandal which resulted in indictments against several members of the Chicago club and a number of alleged gamblers, Gedeon was one of the witnesses. Gedeon was not indicted by the grand jury.

Judge Landis said he had no comment to make on the decision on Gedeon except that he was on the ineligible list and that it would, therefore, be contrary to the rules to permit players in good standing to participate in games in which Gedeon played.

STAGG HAS COACHED
MANY CHICAGO TEAMS

Began Work at University in 1892 When It Opened Its Doors—Has Had Wonderful Success

CHICAGO—(By the A. P.)—Besides coaching thirty football teams at the University of Chicago, Athletic Director A. A. Stagg has coached twenty-four track teams, twenty baseball teams and one basketball team.

Stagg graduated from Yale in 1888, he spent one year in post-graduate work there and another in the Yale Divinity school.

While at Yale he pitched on five championship baseball teams and played regularly at end on two Yale football teams.

Recalling those early days recently, Mr. Stagg said:

"My first experience as a coach was when I was a student at the Springfield, Mass., Y. M. C. A. college, where I had gone in the fall of 1890 to get training for physical education work. I immediately organized a football team among the fifty-two members of the school and arranged games with several eastern colleges and universities, including Williams, Wesleyan, etc. Our team made such strong showing, winning several victories, that the following year we played Yale and Harvard as well as several other colleges."

"I graduated at the Springfield Y. M. C. A. college in 1892 and in the fall took the position of director of the department of physical culture and Athletics at the University of Chicago which was

just opening its doors for the first time. Although all of the universities had already begun and had their football teams organized for two weeks or more, I immediately organized a football team at Chicago and arranged a schedule of games."

The management of all athletic activities at Chicago including all intercollegiate contests has been under the supervision of his department ever since. His field also includes direction of the required work in physical education prescribed for undergraduate

students through five-sixths of their college course.

WORKMEN WILL BE SEEN IN THE ADS

Manufacturers of Clothing and Furnishings Will Appeal to Farmer Boy, Printers' Devil and Clerk in Future

NEW YORK—(By the A. P.)—The farmer boy, the printers' devil and the work-a-day clerk are going to have their pictures on the billboards and magazine pages this winter. They will replace some of the swaggy young men who have been posing several seasons for the artists hired by collar and clothes manufacturers. Not a few of these concerns have concluded that the orchid is not the flower of young American manhood and they are going in for sunflowers.

They say the buying public doesn't like the pink-cheeked young men who have been showing the readers of advertisements what to wear. They seemed to have nothing to do but watch polo ponies, indifferently peer at yachts in the cove or ignore the football players on the field below them in order to swap small talk with girls in vivid sweaters and sport skirts.

People began calling them pretty boys, cake eaters, lounge lizards, sissies. Humorists poked fun at them and the good old common people who buy most of the collars and suits said "If that's the kind of a face you have to be well dressed, I'll go through life a slouch."

But now they are going to show the public that one can be a regular every-day fellow with a job and still be smartly clothed. Last winter there was a warm discussion within the National Association of Retail Clothiers as to the public attitude toward the "pretty men" in adver-

tisements. This fall the result of this discussion is apparent. Recently the new catalogue of a nationally-known clothing house was published without a single ballroom scene, bride party or clubhouse etching. There was a drawing of an old tar talking to two sturdy youths beside a ship, a freighter, it was, not a palatial passenger carrier. Another showed a well-dressed office worker working. He was within sound of a printing press. A third pictured a farmer dressed up for a trip into town. He bore a business-like mien and apparently was just giving some final instructions to the hired man on the tractor when the artist happened along.

LIMIT ARMAMENT OR BANKRUPT THE WORLD

This Is Warning Given by Raymond Robins in Address—Says It Will Bring World Revolution if Not Curtailed

TOPEKA, Kan.—(By the A. P.)—There must be world limitation of armaments or world bankruptcy, Raymond Robins of Chicago, told the Kansas State Teachers' association here recently.

"The burdens of taxation weigh heavily on every home, but with five nations spending \$2,500,000,000 annually for past and future wars, effective reduction of taxation is impossible," Mr. Robins said.

"Whatever may have been possible or plausible before the great war, increasing armaments now spell the bankruptcy of the states, the suicide of the nations."

"At the present rate of increase for armaments, past and future wars will be costing the peoples of the world \$8,000,000,000 in 1924. This means the withdrawal of \$100,000,000,000 of the remaining world's wealth from the production of food and clothes and shelter for mankind. It is economically impossible and will force revolution."

"Increasing armaments breed Bolshevism! In conversation with Nicolai Lenin, dictator of Soviet Russia, I asked the question how he expected the world revolution to develop. Lenin replied:

"It will not come through propaganda nor external force. World revolution will come from the increased cost of living in all capitalist countries. One of the elements of this cost is increased taxation forced by the increasing armaments needed in the battle between rival international capitalists for the markets of the world. This high taxation plus big profits and high wages will so increase the cost of living that consumption by the masses becomes impossible. Then comes what capitalist economists call over production and consequent unemployment with idle workers and idle factories—the paralysis of production and the suicide of capitalism. Idleness and hunger will fan the smoldering fires of the class war into the flames of world revolution in all capitalist lands."

"How much longer will Christian America play Lenin's game for world-wide Bolshevik revolution?"

LITERBERRY BAPTIST AID SOCIETY MEETS

Regular Meeting Held at Home of Mrs. Ella Thompson Thursday Afternoon—Other Literberry News.

Literberry, Nov. 3.—There were about seventeen members present at the meeting of the ladies' Aid society of the Baptist church, held Thursday afternoon at the home of Mrs. Ella Thompson. Following a brief business session came an interesting program. The members responded to roll call by giving a verse. Two papers were presented, one by Mrs. C. A. Beavers on "Thanksgiving Day," and another by Mrs. Earl Underbrink, who read an original composition. Several selections on the Victrola added much to the interest of the program.

Rev. Mr. Rinehart was present and made a brief talk concerning the work of the Anti-Saloon League, after which the society voted to give the sum of \$25 toward this movement.

A social hour and the serving of refreshments by the hostess followed the program. The society will meet next on Thursday, Dec. 1 at the home of Mrs. Earl Underbrink.

Blanche Louise, little daughter of Mr. and Mrs. A. Ratliff who sustained a broken arm by a fall recently, was Thursday taken to Jacksonville to have an X-ray picture made of the injury. It is the belief of the physician that the little girl will now improve in a satisfactory manner.

Irene Louise Daniels, year old daughter of Mr. and Mrs. John Daniels, had the misfortune to swallow a pin yesterday afternoon. The child is under the care of a physician and it is thought there will be no serious consequences.

Some More Dope on Tires

Many People Ask Us Why Ford Tires "Rim Cut."

A Ford tire is of the clincher type.

If the clincher bead does not fit the rim it moves up and down when the wheel turns on the road. This constant friction cuts through the rubber and on through the fabric like a saw.

It requires considerable machinery and science to cure a tire so when it is finished the bead will be exactly the size it should be.

This accounts for a Ford tire at a cheap price not giving the service you expected when you bought it.

When Ajax put out a 30x3 1/2 Ford tire for \$16.40 it was the lowest price they ever had on a tire that size. It is the lowest price casing now that will on the average give 6000 miles service.

We claim it costs less per mile to run Ajax tires than any tire you can buy for less money.

We guarantee a cost per mile of 2 3/4 mills. Cheap enough is it not? Approximately 1c per mile on 4 tires.

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

The live stock market has been thrown off its stride recently by the rail strike prospect. Apprehension of an indefinite tie-up was responsible for gluts two weeks ago, followed by car scarcity at points of origin, which reduced available supplies at the markets just at the critical stage when killers were anxious to make provision against possible emergencies by filling their coolers. The result was a sharp advance in cattle values that under normal conditions would probably not have been registered, although the trade has disclosed a healthy undertone whenever supply pressure has relaxed. The advance had its logical sequence in a reaction when killers' anxiety was relieved by calling off the strike. A new complication is threat of a packing house strike. This, however, is not regarded seriously as even wary-headed labor leaders realize that deflation of labor cost is inevitable and are merely playing to the gallery in which their own following is packed, in an effort to keep it under control.

Twelve-dollar cattle are quoted at intervals, but do not interest the average producer whose steers grade some where between \$6 and \$9 cwt. under present conditions. These are most susceptible to sudden fluctuation, especially the short-fed kind. Some of the best of these steers that have been fed sixty or ninety days on corn, have returned to market recently to register margins of \$1.50 to \$2.50 per cwt. and practically all the intelligent buyers and well-handled cattle taken out since the bottom of the slump was passed, show substantial appreciation, yet those who are attempting their disposition prematurely, have but little margin over first cost. Steers selling above \$10, are either heavy long feds, acquired at higher levels in the initial stage of the operation, or prime heavyweights and yearlings, in the distinct specialty class which have a market of their own by reason of limited numbers.

The season's grass beef gathering west of the Missouri river is in the closing stage. Southwestern pastures which have been glutting Missouri river markets for weeks and sending a substantial overflow on to Chicago, have "shot their wad," and it is now evident that the season's grass beef contribution by the north-west, known as Chicago territory will not exceed fifty per cent of that of 1920, the drought of 1919 and financial stringency of last year having forced cattlemen in that section not only to gather every possible pound of beef, but sacrifice both young and female cattle, creating a gigantic restocking problem. The moment western cattle no longer dominate values of middle and common grades, it will be logical to expect substantial improvement in market conditions, especially where short-fed cattle, which have been getting keen competition from westerns, are concerned.

The season is near when top and bottom cattle quotations will disappear, narrowing the present wide spread, as a few weeks hence grassers will have disappeared, together with the comparatively few prime bullocks now selling above \$10. Interest naturally centers on the winter prospect for bullocks fed two to three months, and from a longer range view of the mass of light stuff taken out recently to salvage roughage and either go on grass next spring or corn late in the winter for the spring market. Results with these cattle in the finality of the transaction will depend in a large measure on the industrial situation and revival of beef consumption meanwhile, but all the signs point to an active winter market on materially reduced beef production, especially when measured by the enormous crop of 1921, for which the overweight steer was mainly responsible.

A growing conviction among cattle feeders that acquisition of underweight steers has been carried to an extreme, is responsible for revival of interest in cattle weighing 1,000 to 1,200 pounds, which so far this season have been out of line with fat bullocks and light stockers. This is indicated by an expanding countryward movement of such cattle, the bulk of them going into territory tributary to the Chicago market for a full feed on corn, the intention being to drop them into the market hopper at the earliest possible moment. Iowa, Illinois and Indiana have taken thousands of such cattle during the past thirty days, the entire package figuring in the visible beef supply of the January to March period, probability being that a per centage will be unloaded earlier if fat cattle conditions warrant, so that no apprehension of beef scarcity need be entertained.

Current events demonstrate, however, that even recent heavy receipts created a supply but slightly in excess of the saturation point so far as the beef market is concerned, consequently the moment supply falls slightly below that mark, demand will assert itself. It is this small excess that makes the difference between an active and ascending market and a sluggish declining trade condition.

Hog trade continues to discredit calamity howlers at regular intervals, although this is admittedly no time for a bull campaign and it will be logical to expect further declines before the tide is ultimately turned in the grower's favor. Much will depend on distribution of supply during the next thirty days, but in trade circles, a conviction is growing that after the market conquers its winter stride, it will take on a healthy tone. A time is not far distant when packers will face seasonal necessity for filling cellars, experience having taught them that the time to get hogs is while the getting is good.

Competition is emphasized on every moderate run, the competition-selling system maintained by the Chicago live stock exchange never having worked more to the distinct advantage of the hog-grower than at present. Considering supply volume the hog market has recently made a gratifying performance, decidedly reassuring to growers and allaying doubt concerning profitable winter prices so rampant when packers made their recent abortive effort to put cost of droves down somewhere in the vicinity of \$6 per cwt.

Live stock will furnish the principal channel for corn marketing during the ensuing six months. The Chicago live stock exchange advises intelligent buying, conservative operation and continuous activity. The fellow who goes in and out usually does so at the wrong time. The late G. F. Swift once remarked, "You can't make money on the hogs you don't kill," an axiom applicable to any sphere of industry. Corn is now commonly quoted by the ton instead of bushel and its logical market is on four feet through the feed lot and the stock yards.

Leavening Strength Tells the Story
The price you pay for baking powder doesn't determine the results you will have on bake goods. It's the leavening strength that counts. You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled. The bakings you spoil will make those that are successful exorbitant in cost.

CALUMET BAKING POWDER

has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakers where it is employed never fail to raise properly. Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it. A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

PRICES ON STOCK

EXCHANGE ADVANCE
By Associated Press.
NEW YORK, Nov. 3.—Compre-
hensive and substantial advances
of prices on the stock exchange
today were influenced by the low-
est discounts announced by nine
of the twelve federal reserve
banks and concurred by the Bank
of England.
Financial interests generally
regarded this as striking evidence
that deflation at home and abroad
had made further marked pro-
gress and that easier credit con-
ditions soon would prevail in
the world's markets.
Bonds made a better showing
relatively than stocks, most of the
several liberty series recording
highest prices of the year with
Victory 4 1/2 per cent notes, which
rose to par on extensive accumula-
tion.

Oil, steel, motors and equip-
ments, more or less as named
were the forefront of the day's
operations at net gains of one to
five points. Mexican Petroleum
again being the outstanding fea-
ture.

Rails were handicapped by
fresh labor disturbances and
various specialties including to-
bacco and the issues of the sev-
eral mail order and chain store
groups, strengthened on pool sup-
port. Sales amounted to 550,
000 shares.

Apart from a new low record
for German marks at .945 for
foreign exchanges strengthened af-
ter early irregularity. Trading in
bills was limited, however largely
to British and French re-
mitances.

The speedy sale of the new
Chicago 10,500,000 loan offered
further proof of sound investment
conditions. Various railway and
industrial bonds strengthened on
the action of the federal board
and international were better.
Total sales (par value) \$17,275,
000.

MORE SUITS FILED FOR COURT HEARING

Added to the Docket Thursday and Are Scheduled for November.

Several suits were filed Thursday in the office of Circuit Clerk Wamamaker and will be heard at the coming term of the circuit court. George J. Orear is complainant in an action in assumpsit brought against D. A. Schaffnit. The complainant is represented by Judge H. P. Samuel and the amount indicated as the indebtedness is \$2,000.

F. J. Kallal has brought a suit in assumpsit against Charles Wood, alleging damages in the sum of \$500. The complainant's attorneys are Wilson & Butler.

W. H. Lindsay is the complainant in an action for detainer and possession, brought against George P. Brown. The complainant, who is represented by Bellatti, Bellatti & Moriarty, alleges that Mr. Brown is in unlawful possession of land located in 29-16-11, and that rental amounting to \$1,113, is due.

A suit to enforce a mechanic's lien has been brought by the Auto Carbonic company, of Peoria, against Thomas Calley and Chris Geneatos as partners. The complaining company maintains that a contract was made with the defendants for installation of an ice-making machine at their store on the south side of the square, and after a certain amount of construction work was done that the complainants refused to have the contract completed. The sum of \$2,000 had been paid down by the defendants. The Carbonic company now wishes to enforce a lien to protect the \$9,000 claimed to be due on the original contract.

The complainants are represented in locally by Bellatti, Bellatti & Moriarty. It is understood that the refusal on the part of the defendants to have the contract completed was because of the failure of the machinery to fulfill the terms of the contract.

FEDERAL BAKERY
Special—Strawberry pie.

GREEK ARMY BAND OF RAGAMUFFINS

With the Greek Army in Anatolia (By A. P.)—If Mustapha's army may be judged by the thousands of prisoners which have passed through the Greek lines, it is now little more than a loose organization of peasants, mountaineers and herdsmen recruited by force from the countryside.

The Associated Press correspondent saw 1,000 of these captives at Greek Army Headquarters today. They resembled nothing so much as a band of ragamuffins.

All were in torn, threadbare garments and most of them had no shoes. Less than 25 per cent were dressed in ragged underclothing and some were clad only in burlap bags. Only the officers were well attired, but no two of their uniforms were alike. Scores of the prisoners were wearing the uniforms and shoes of dead Greek soldiers, whom they had stripped.

Conversation with the soldiers disclosed that the rank and file of Kemal's army were pretty weary of the war and were ready to give themselves up, but deserters were punished with death, they said. The officers interviewed, however, gave no such impression. They declared Kemal and his followers would fight to the bitter end.

While the Turkish soldiers have had to live under wretched conditions and have been obliged to subsist only on such meager rations as could be found along the countryside, their Greek adversaries pay frank tribute to their bravery and fighting qualities. They have stood well every form of attack, from rifle and artillery fire to bayonet and grenade assault.

Although conscious of being outnumbered two to one by the Greeks, they have clung to their position with fierce tenacity. The Greeks say this doggedness is due largely to their intense religious fanaticism. Their officers, the Greeks assert, have imbued the men with the idea that the Christians intend to take the whole of Turkey and subjugate all Moslems and that their incursions must be resisted to the death.

Mr. and Mrs. R. G. Vasey, Mr. and Mrs. Frank Ranson and Mrs. W. S. Jones have returned from a motor trip to St. Louis, where they went to view the celebration in honor of Marshal Foch, General Pershing and other notables.

William Goggers of Springfield was a visitor in town yesterday.

John Wells of Palmyra was called to the city yesterday.

A WOMAN'S WAY

"I tried for four months to get my wife to try May's Wonderful Remedy, which I know had helped a friend of mine who also suffered from stomach trouble. She insisted her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—For sale at all druggists.—Adv.

Y. M. C. A. NEWS

The Springfield club of the Elgin association was organized following last year's Older Boys' conference. The club was formed with the idea of bringing the inspiration and ideals of the Older Boys' conference to the boys of the club not only holds regular weekly meetings, which have grown in interest, but they have also furnished speakers for Young People's societies, the Old People's home, and at the Vesper services of the Y. W. C. A. The club also put on an entertainment at the Home for Crippled Children. One unvarying rule of the club is that no member will refuse to do a given task which may be assigned to him, no matter how large or small.

The following Boys' Work secretaries have been secured: Wilbur Van Patten at Moline; C. R. Green at Alton; A. R. Freeman at Evanston; Henry L. Best at Rock Island, and W. P. Lewis at Galesburg.

A most notable event was celebrated on October 11 when representatives, both lay and secretarial, from many sections of the country met at Association college, Chicago, to commemorate the birth of Sir George Williams, the founder of the movement. Among the distinguished guests present were Dr. Karl Fries, of Geneva, Switzerland, general secretary of the world's committee; George Williams, of London, England, a grandson of Sir George Williams; Henry C. Wallace, secretary of agriculture, and Dr. John R. Mott. During the day mention was made repeatedly of the marvelous way in which God can use the talents of the average man who commits himself and his life to God and to unselfish service. The Young Men's Christian association was organized in 1844. The work is therefore seventy-seven years old. From a little group of twelve faithful young men it has become a world movement.

In April, 1921, the participants in international examinations in Bible study numbered 3,610, of which 2,170 passed. Of this number ninety per cent were boys.

The Kewanee association has in it a group of laymen who have been most active in gospel work during the past season. Many country churches being served through the work of this group. The gospel team has a pianist and a male quartette. The business men's gospel team from Fairfield, Ia., has been secured, and with the help of the Kewanee gospel team a series of evangelistic meetings will be conducted.

Aurora started the fall work with a Sunday afternoon retreat, in which the entire staff and their families gathered for devotion services and the presentation of policies and plans of each department. At a recent meeting of the board of directors, seventeen members out of twenty-one were present. Such attendance is one of the reasons why everybody gets back of the Aurora association.

The East St. Louis associations are running a strong program of activities ranging from Bible study and men's meetings to tennis tournaments and kite-flying contests. Twelve baseball teams carried 186 players and have played 107 games.

At Rosiclare where the operation of the mines is practically at a standstill, the association has adapted its program and has enlarged its service to the men and boys during their leisure time.

There will be some scramble to register for the Older Boys' conference at Decatur this year. Morgan county is only allotted fifteen delegates.

PLEASANT EVENT AT MEREDOSIA HOME

Prof. and Mrs. Chesnut Entertain High School Pupils—Other News From Meredosia.

Meredosia, Nov. 3.—Prof. J. M. Chesnut and wife entertained the pupils of the high school at a Halloween social given at their home Monday evening. The rooms were beautifully decorated in the black and yellow colors and Jack-o'-lanterns furnished the dim lights which made it the more ghostly. On arriving the guests were escorted thru a spooky alley which was in the basement where all sorts of ghostly stunts were pulled off. The evening was spent in various games and music and each one seemed to have had a joyful time from their expression when the evening was over. At the close refreshments were served consisting of fruit salad and cake.

Ethan Allen and family left Tuesday morning for a two weeks' visit with relatives at Greenville, Texas.

C. O. Summers drove to Beardstown, Wednesday and will remain a day or two at the bedside of his mother, who has been seriously ill but is slowly improving.

W. L. Wilday and wife went to Pittsfield Monday and are guests of Dr. C. E. Smith and wife.

SEWER SYSTEM WILL BE DISCUSSED

Important Theme To Be Considered by Chamber of Commerce Forum Monday Night—Public Invited to Attend

The important question of sewerage system will be the subject for discussion at the meeting of the forum of the Chamber of Commerce, next Monday night. A luncheon is to be served at 6:15 o'clock, with plates at seventy-five cents, and all citizens, whether members of the Chamber of Commerce or not, are invited to be present and consider this important subject.

At this time the report of the sewer committee of citizens, appointed a number of months ago, will be presented. A further understanding of the situation will be possible through viewing a number of stereopticon pictures, for which slides have been made. They will be especially useful in giving a clear idea of conditions relating to the present system.

It must be understood that the report of the sewer committee is merely a preliminary matter and that a survey is needed in order to have the full facts as to needs and the possibilities of correcting the present conditions. Hundreds of citizens have joined in a guarantee fund which will make it possible to proceed with this survey.

BRADLEY FUNERAL HELD AT WAVERLY

Well Known Physician Is Laid to Rest Thursday—Large Number in Attendance.

Waverly, Nov. 3.—Funeral services for Dr. George W. Bradley were held from the residence here this afternoon with a large attendance of relatives and friends.

The services were in charge of Rev. Myron L. Pontius, pastor of Central Christian church, Jacksonville. Music was furnished by Mrs. William Barrow, Mrs. John Shutt, with Mrs. Fred Bateman as accompanist while Mr. Beach sang a solo with Miss Maude Hart as accompanist. There were many beautiful floral offerings and these were cared for by Miss Josephine Stockdale, Miss Lena Holland, Miss Nannie Meacham, Miss Jessie Ritter and Miss Helen Crum.

Burial was in East cemetery at Waverly, the bearers being Elmer Wyle, George Kimber, David Benton, Edgar Criswell, William Barrow and Newton Wood.

STUDYING STREET TRAFFIC IN IRELAND

Belfast, Ireland — (By the A. P.)—Edward H. May, police inspector of Cleveland, O., has completed his study of this city's method of controlling street traffic and has gone to Dublin to continue his investigations. Later he will go to London and to other large English cities and then to Paris and large continental cities for study along the same lines.

AT 58, SHE FEELS WELL AS A GIRL

Fifteen Years of Stomach Trouble Overcome and She Gained 25 Pounds Taking Tanlac.

"I just wish I could tell you how well and happy I really am since taking Tanlac, for I have actually gained twenty-five pounds since taking it," said Mrs. Frances Schlosser, of 242 Fourth St., LaSalle, Ill.

"For fifteen years my stomach troubled me terribly, and I had awful spells of nausea. I finally had to undergo an operation for appendicitis and after I got back from the hospital I was in a dreadfully weak, run-down condition. I suffered with the worst kind of headaches and had blinding, dizzy spells. My nerves were so shattered that sleep was almost impossible, and nothing seemed to do me a particle of good.

"When I started on my second bottle of Tanlac I was feeling stronger, so I kept taking the medicine and kept on improving until now I'm free from all pains and feel like an entirely different person. Headaches and dizziness are a thing of the past and my nerves are in splendid condition. Although I am fifty-eight years of age I actually feel as well as when I was a girl."

Tanlac is sold in Jacksonville by J. F. Shrave, druggist, and by leading druggists everywhere.—Adv.

Step on the Bear-Cat's Tail

You'll think they shot you out of a rapid-fire Hun-silencer.

The folks that taught this Bear-Cat to jump knew some tricks. There's GO in the Bear-Cat's sinews. When he talks to your motor, something happens.

Bear-Cat plates are porous, so that the electrolyte gets at all the active material all at one swipe. They're strongly hand-pasted, so that the active material stays and wears and lasts. The separators are of specially treated Port Orford cedar—very porous. That helps to get the action.

All current-carrying parts are oversize, too.

You want to step on a Bear-Cat in your car. Come in here and have a look.
